

CSR PROJECT PROPOSAL 2026–27

Heat Relief & Care Support for HIV-Positive and Mentally Challenged Women

Nari Gruh (State Home for Women), Vadodara, Gujarat

A Corporate Partnership Opportunity

CSR Project Proposed by:

Gujarat Rajya Gram Vikas Samiti

Facilitated by:

PROJECT SNAPSHOT			
Project Location Nari Gruh, Vadodara, Gujarat	Beneficiaries 90 HIV+ve & Mentally Challenged Women	Intervention 10 Air Coolers (100-Litre each)	Total Budget ₹ 2,00,000 (Two Lakhs)
SDG 3 Good Health & Well-Being	SDG 5 Gender Equality	SDG 10 Reduced Inequalities	SDG 17 Partnerships for the Goals

1. Executive Summary

for Nari Gruh, Vadodara — a shelter home serving approximately 90 HIV-positive and mentally challenged Gujarat Rajya Gram Vikas Samiti (GRGVS), a registered public trust established in 1988, proposes a focused CSR intervention women under the Women & Child Development framework.

Due to extreme summer temperatures in Gujarat, frequently exceeding 42°C, the living conditions of residents become severely challenging, increasing health risks such as dehydration, fatigue, and heat stress. To address this urgent humanitarian need, GRGVS proposes the provision and installation of 10 heavy-duty Air Coolers (100-litre capacity each) to immediately improve indoor cooling and well-being of all 90 residents.

This intervention aligns with Schedule VII of the Companies Act, 2013 under Promoting Gender Equality, Women Empowerment, and Support for Vulnerable Women. GRGVS is also actively engaged in Tree Plantation, Urban Forest Development, and Environmental Sustainability projects across Gujarat through CSR/ESG partnerships.

2. About Gujarat Rajya Gram Vikas Samiti (GRGVS)

Established	1988 (36+ years of community impact across Gujarat)
Public Trust Reg.	F/308 under Bombay Public Trust Act
CSR Registration	CSR00014330
FCRA Registration	041910403
Income Tax Reg.	12AA & 80G
Key Focus Areas	Women Empowerment, Education, Rural Dev., Health & Sanitation, Tree Plantation & Environment

3. Project Need Assessment — Nari Gruh, Vadodara

Nari Gruh, Vadodara houses women who require continuous care, safe shelter, and dignified living conditions. During peak summer months (April–June), excessive heat severely impacts resident comfort and health, particularly for HIV-positive women and mentally challenged inmates who are more vulnerable to physical distress.

Identified Urgent Needs:

High indoor temperatures with no existing cooling infrastructure

Increased risk of dehydration and heat exhaustion among vulnerable residents

Need for improved living comfort in dormitories and common areas

- Nari Gruh management and WCD officials have confirmed air cooling as the highest-priority intervention for 2026–27

4. Project Objectives

Primary Objective:

To improve summer living conditions and protect the health of 90 vulnerable women through dedicated cooling infrastructure support.

Specific Goals:

- Reduce heat-related stress, fatigue, and health risks during summer months
- Improve quality of life, comfort, and dignity of residents
- Strengthen institutional care facilities at Nari Gruh, Vadodara
- Support humane rehabilitation for one of Gujarat's most vulnerable women population.

5. Proposed Budget — ₹ 2,00,000 (Two Lakhs Only)

Sr.	Item Description	Qty	Estimated Cost (₹)
1	100L Desert / Commercial Air Coolers (Avg. ₹14,000 each)	10 Units	1,40,000
2	Transportation, Delivery & Installation	—	20,000
3	Project Management (5%)	—	10,000
4	Administrative Expenses (5%)	—	10,000
5	Contingency / Basic Electrical Setup	—	20,000
TOTAL PROJECT COST			₹ 2,00,000/-

6. Implementation Plan

Phase	Activities
Phase 1 Need Confirmation & Coordination	Site visit & placement planning with Nari Gruh administration; finalisation of cooler specifications and vendor selection
Phase 2 Procurement & Installation	Purchase of 10 industrial-grade air coolers; delivery, testing, operational handover, and staff training on usage & maintenance
Phase 3 Reporting & CSR Visibility	Photo documentation, Utilization Certificate, Impact Report submission to CSR partner, branding acknowledgment at project site

7. Monitoring & Sustainability

GRGVS will ensure full accountability and post-project continuity:

- Proper installation checks and operational testing before handover
- Coordination with Nari Gruh staff for usage, care, and maintenance
- Utilization reporting to the CSR partner
- Post-installation review and photographic impact documentation

All assets will be handed over to Nari Gruh / WCD for continuous operation. This one-time infrastructure support will deliver immediate and lasting impact.

8. Conclusion

By supporting this project, corporate partners can directly improve the living conditions of 90 HIV-positive and mentally challenged women at Nari Gruh, Vadodara, during extreme summer conditions. A contribution of ₹2 Lakhs can deliver immediate relief, dignity, and care where it is needed most. GRGVS invites CSR partners to join this compassionate initiative while also exploring broader partnerships in women empowerment, rehabilitation, and environmental sustainability
